**Gabriel Chifflier | Hazardous Waste Working Group Member, ISWA & Hazardous and Hospital Waste Director - Latam & Iberia, Veolia.**

Gabriel worked 15 years for a Dutch company operating the biggest hazardous waste treatment centre in the world. In 2013 he joined the Veolia Group as International Sales & Marketing Manager for 2 international business units inside SARPI-VEOLIA. During his 20+ years' career, he has had the opportunity to carry out projects in Europe, Middle-East/GCC, Africa, Latin America and South-East Asia / Australia. In October 2019 he joined VEOLIA's Latam & Iberia Zone as Hazardous and Hospital Waste Director.

**Miquel Lozano | Healthcare Waste Working Group Member, ISWA & President, Sales & Marketing, Tesalys.**

Miquel has more than 35 years' experience in the areas of infection control and contamination prevention in the healthcare and life sciences sectors. Until 2012, he occupied international executive positions at Lancer Industrie and the Getinge group. Since 2012, he is the President and Founder of Tesalys, a fast-growing French SME manufacturing innovative equipment for the treatment of healthcare waste. Miquel is an active member of the Working Group "Healthcare Waste Management" of ISWA and of the Commission X30S of AFNOR (French Standards Organisation) in charge of the standards around transportation, packaging and treatment of healthcare waste.
